Holley,

I concur. While the sale is not completed I have an agreement and deposit on the property.

At minimum any work should be put on hold.

Talk to you next week when I return.

Thank you,

Geo

Hello George,

I was informed by Bill Cleary that you have a buyer for the 1705 property – first, CONGRATULATIONS! That’s very exciting for you.

I’d like to know if that change effects the access permission for WAC to do testing at the property? I assume it does, based on what we discussed before you signed the access request form.

Please let me know as soon as possible.

Thank you!
