Size of the property (in Acres)
3.30000

Has there been an environmental assessment of the property? (If yes, AND if VTDEC does not already have the reports on file, include copies of all environmental assessments and investigation reports with this application.)
Yes

Describe the physical characteristics of the property:

The Site includes a vacant residence and a former bus garage on approximately 3.3 acres of land, on the north side of Route 128, in the center of Westford. The buildings are currently unoccupied and are used for storage. The Site was developed prior to 1858. Historic Site use has included residential, with a gasoline filling station, and automotive and bus repair. A small store was also once present on the southeastern portion of the property. A building was noted on or near the northeastern property line on historic (1869 and 1915) maps. The building was gone by 1948.

Describe the current use of the property, and the extent to which the property is currently utilized:

The property is not being used currently

Provide all known information about the operational history of the property, including any state or federal cleanup and/or enforcement activities

There was once a gas station and bus station on the property. A Phase I and a Phase II Environmental Site Assessment (ESA) were completed in 2019, and a Supplemental Site Investigation (SSI) was completed in 2021. An abandoned, 1,100-gallon, gasoline underground storage tank (UST) was removed from the Site on June 2, 2020. An additional abandoned, 2,000-gallon gasoline UST was removed from the Site in 2022. A total of 81.06 tons of petroleum contaminated soil were removed from the Site for disposal in 2021, and 20.61 tons of petroleum contaminated soils were removed for disposal in 2022. An Evaluation of Corrective Action Alternatives (ECAA) was completed in 2023

Describe all known releases and threatened releases concerning the property, and the risks to human health and the environment presented by the releases and/or threatened releases

NONE PROVIDED

Describe your plans for reuse of the property. Attach any conceptual site plans or other relevant documents related to the proposed redevelopment/reuse in the next section:

Preliminary plans include the installation of a permitted septic system in the lower meadow to serve the Town Office and Library, potential parking for the Town Common, potential renovation of the Town Office and potential conservation of lower meadow for recreation in partnership with the Vermont River Conservancy.

Attachments

Deed with metes and bounds. Be sure to check previously deeds, as they may contain detailed descriptions of the property boundaries
