CHANGES TO THE AGENDA

There are no changes to the agenda.

PUBLIC COMMENT

There was no public comment.

FORSEY ABATEMENT

1895 VT Route 128. The house on the property they were paying for the dwelling and the property. The dwelling was unlivable and was taken over by animals, roof caved in etc. They spent \$8,000 worth of asbestos removal to do a training for the fire department to burn the property. They are continuing to pay taxes on the dwelling that no longer exists. They met in spring to go over the taxes and ask for that to be removed. They were told to abate. They also recently move into the existing lease for the 1901 Mobile Home. They own the property that trailer is on.

Pat Haller asked Joseph and Mikayla is the trailer on the property where the dwelling was burned or different parcel? Same parcel.

Julia Andrews asked. At this point do they own the land and the trailer. Yes that was correct.

MINUTES OF SEPTEMBER 12, 2025

Minutes tabled until further edits made.
